

EMPOWERED

Your customers deserve a superior experience and installing the right IP network is a step in the right direction. Luxul offers a complete line of switches, routers, and wireless networking equipment—All purpose-built for professional installers.

With world-class hardware, sensible pricing, simple integration and free lifetime support to integrators, Luxul can help you win that next big project. Luxul. Empowered.

For HD video distribution in retail, hospitality, corporate and institutional projects, check out Luxul's line of managed PoE+ switches optimized for Just Add Power and other HD over IP video distribution systems. With Luxul switches you can build cost-effective, scalable, high-performance video matrices supporting dozens or even hundreds of inputs and outputs.
